

Transportation & international logistics leader with **9+ years** across import/export operations, multi-modal carrier management, customs compliance, and end-to-end supply-chain strategy. Track record of cost-out execution, contract negotiation, and scalable process design across ocean, air, drayage, parcel, and OTR freight. Currently leading transportation analytics for a Fortune-1000 manufacturer.

PROFESSIONAL EXPERIENCE

Transportation Analyst

CURRENT

FEB 2026 – PRESENT

- Tennant Companies · Minneapolis, MN
- Lead transportation analytics across global inbound/outbound freight, modeling lane economics, carrier performance, and total cost-to-serve for a Fortune-1000 manufacturer.
 - Architect routing and consolidation strategies that reduce premium freight, improve OTIF, and unlock multi-modal cost savings across ocean, air, LTL, TL, and parcel.
 - Partner with sourcing, planning, and finance to translate freight data into S&OP inputs, capacity forecasts, and contract-leverage points for annual carrier negotiations.
 - Drive freight audit, accessorial control, and rate-benchmarking initiatives, surfacing recovery dollars and structural savings across the network.

Logistics Specialist

FEB 2025 – FEB 2026

- CHS Inc. · Inver Grove Heights, MN
- Owned quality management, materials sourcing, and long-term logistics planning across a high-volume agricultural supply chain.
 - Analyzed departmental budgets to minimize expense and protect margin; pivoted operations to capture market upside.
 - Managed drayage dispatch and on-site truck movement; coordinated cross-functional teams on capacity and cost-reduction projects.

International Logistics Manager

FEB 2022 – DEC 2024

- Timesavers LLC · Maple Grove, MN
- Coordinated overseas vendors across multiple continents; hit service-level expectations and reduced landed cost.
 - Negotiated ocean and air freight quotes with carriers; protected delivery windows under capacity volatility.
 - Assigned HTS classifications, drafted SOPs, and managed customs/import-export workflows for full regulatory compliance.

Export Documentation Specialist

NOV 2016 – JUNE 2021

- Stone Arch Commodities · Minneapolis, MN
- Created destination-specific export documentation in compliance with U.S. and country-specific export laws; assigned HTS codes and procured AES numbers.
 - Coordinated with trading desks, freight forwarders, brokers, USDA, and customers across cross-functional international transactions.
 - Ran sanctioned-party screening prior to document release; monitored AP/AR for vessel transactions.
